Mr Randhawa is a Consultant ENT Surgeon at the world renowned Royal National Throat Nose and Ear Hospital in London. Having graduated from the University of Leicester, Mr Randhawa completed his higher surgical training in London (North Thames region) where he worked in several centres of excellence and trained under internationally renowned surgeons. He is a Fellow of the Royal College of Surgeons of England and holds a Masters in Allergy which he obtained with distinction from Imperial College London.

His broad experience allows him to treat all aspects of ear, nose and throat conditions in both adults and children. However, his particular area of expertise is diseases of the nose and sinuses ranging. Mr Randhawa runs a tertiary referral nasal deformity service at UCLH and performs a large number of functional, revision and reconstructive septorhinoplasties. Mr Randhawa's aesthetic practise mirrors his NHS practice and he exclusively performs septo/rhinoplasty in private sector. Mr Randhawa has performed more than 3000 nasal procedures.

Mr Randhawa is also a surgical member of the Facial deformity and facial reanimation services at University College London Hospitals which offers surgical treatment to patients with facial nerve problems and facial deformity.

Mr Randhawa is the Clinical Lead for Adult ENT services at UCLH He is actively involved in teaching and training junior surgeons and is the education lead for ENT surgery at University College London Hospitals. He has published more than 30 peer reviewed articles in leading medical journals with his main research interest in nasal surgery and function. He lectures and performs surgical demonstrations on nasal surgery courses (rhinoplasty/ endoscopic sinus surgery) which attracts an international audience. He is a full member of the European Academy of Facial Plastic Surgery and the British Society of Facial Plastic Surgery.
